ALSTONE

Multi Decor

We are a professional team,
that is eager to bring value to your business

Alstone Multi Decor is a decorative surfacing material like no other. Elegant and etched with a contemporary look and pattern, its touch and feel is just like real and last longer than anything you get for decorating the surface. It is created using a technology that protects it from heat, finger prints and accidental abrasion so it stay looking beautiful longer.

What is more, it comes in variety of finishes and colours in different thickness. It is one surface with endless possibilities.

No need of edge band

It's 90° bendable

Etched PVC laminate:

Now get rid of semi finished look and visible edge joints of your furniture. Alstone Multi decor, a 90° bendable PVC laminate, is perfect solution to get perfection in edges also. Just use V-groove cutter & make a groove to bend Alstone PVC laminate and give your furniture a modern and stylist look.

Multiple range of decorative surfaces engineered to matchup with your interiors

1 mm PVC laminates

3mm PVC wall & ceiling cladding

25,30,35 mm Prelaminated decorative doors

18mm Prelaminated decorative plywood shutters

17mm Prelaminated decorative MDF shutters

16mm and 18mm prelaminated decorative wpc shutters

5mm Foamed PVC sheet for partitions and doors

ALSTONE

Multi Decor

Questions, that arise during PVC laminate application:

Q How to bend Alstone Multi decor PVC Laminate sheet to 90°?

Ans. You can simply use V-Groove Cutter by giving a groove of 0.3 mm to 0.5 mm for bending the sheet up-to 90°.

Q What type of adhesive do you recommend to paste Alstone Multi Decor PVC Laminate on base panel surface?

Ans. First time in India our R&D team has developed the same back surface of Alstone Multi Decor as paper Laminate or mica. So you can use same synthetic resin adhesive (white glue) to fix Alstone multi decor that you use to fix mica on base panel surface.

Q Can we use Alstone Multi Decor in bathroom furniture as mica is not recommend in water prone areas?

Ans. You can simply use V-Groove Cutter by giving a groove of 0.3 mm to 0.5 mm for bending the sheet up-to 90°.

Q Is Alstone Multi Decor is safe to use in interior as mica emits formaldehyde that cause health problems?

Ans. You can use ALSTONE Multi decor very confidently anywhere in your interior. Specially ALSTONE Multi Decor is LEAD (Pb) Free PVC panel and completely safe to make your kid room furniture.

Q How we can clean Alstone Multi decor PVC laminate?

Ans. Cleaning of furniture that made with ALSTONE Multi Decor is very easy, you can use any hose hold liquids to clean its surface. Use a soft cotton cloth to apply cleaning liquid on the PVC laminate surface.

 100% Bacteria Fungus Persistent	 100% Lead Free	 Non Toxic Sheet	 Environment Friendly	 Anti microbial surface

Exclusive Range

1 MM PVC LAMINATE

ALSTONE's 1mm PVC laminate range offers 100 plus distinctive designs and shades in high gloss, sparkle, matte as well as textured surface. The range covers variety of exclusive Solid colors, Sparkle collection, wooden collection, Stone collection and Abstract collection which is having metallic and Leather feels. It serves as a complete solution to all the underlying problems of Conventional PVC laminate in the market like issues of such Poor adhesion, Surface softness, Scratches, Toughness etc.

This exclusive range is created using latest technology which protects the laminate surface from Heat shock, Finger prints and Accidental abrasion, so your product stays young throughout its lifecycle.

ALSTONE PVC laminate is a scratch proof material and can be very easily pasted on Plywood, Wood, MDF, PVC board and WPC board.

25, 30, 35MM PRE LAMINATED DESIGNER DOORS

Alstone Pre-Laminated Solid door is ready to use doors These doors are made with WPC core laminated with European decorative foils suitable of residential and commercial application. It is available in BSL (Both Side Lamination) with multiple sizes and thickness.

3MM PVC WALL CLADDING

3mm Multi décor is a PVC rigid sheet which is a complete replacement of Stone, Marble, wallpaper, cement based wall paneling, paint, wooden wall paneling and anything which is used to decorate the wall. This product is a new generation of decorative panels that has gained extensive attention worldwide.

Alstone provides you a wide platter of wide colors in solid, sparkle, wooden, marble, leather and abstract shades and designs. 3mm PVC marble sheet which it is popularly known as, is an excellent substitute to wall tiles.

16MM, 18MM PRE LAMINATED DESIGNER WPC

As the name suggests, pre-laminated Decorative WPC (Wood Polymer Composite) that have a decorative laminate surface attached to it at the time of its manufacture. Adding such a decorative laminate over the board surface greatly increases its aesthetic value by making it look more attractive for the end-customer, as also increases the board's resistance to moisture, and to wear and tear.

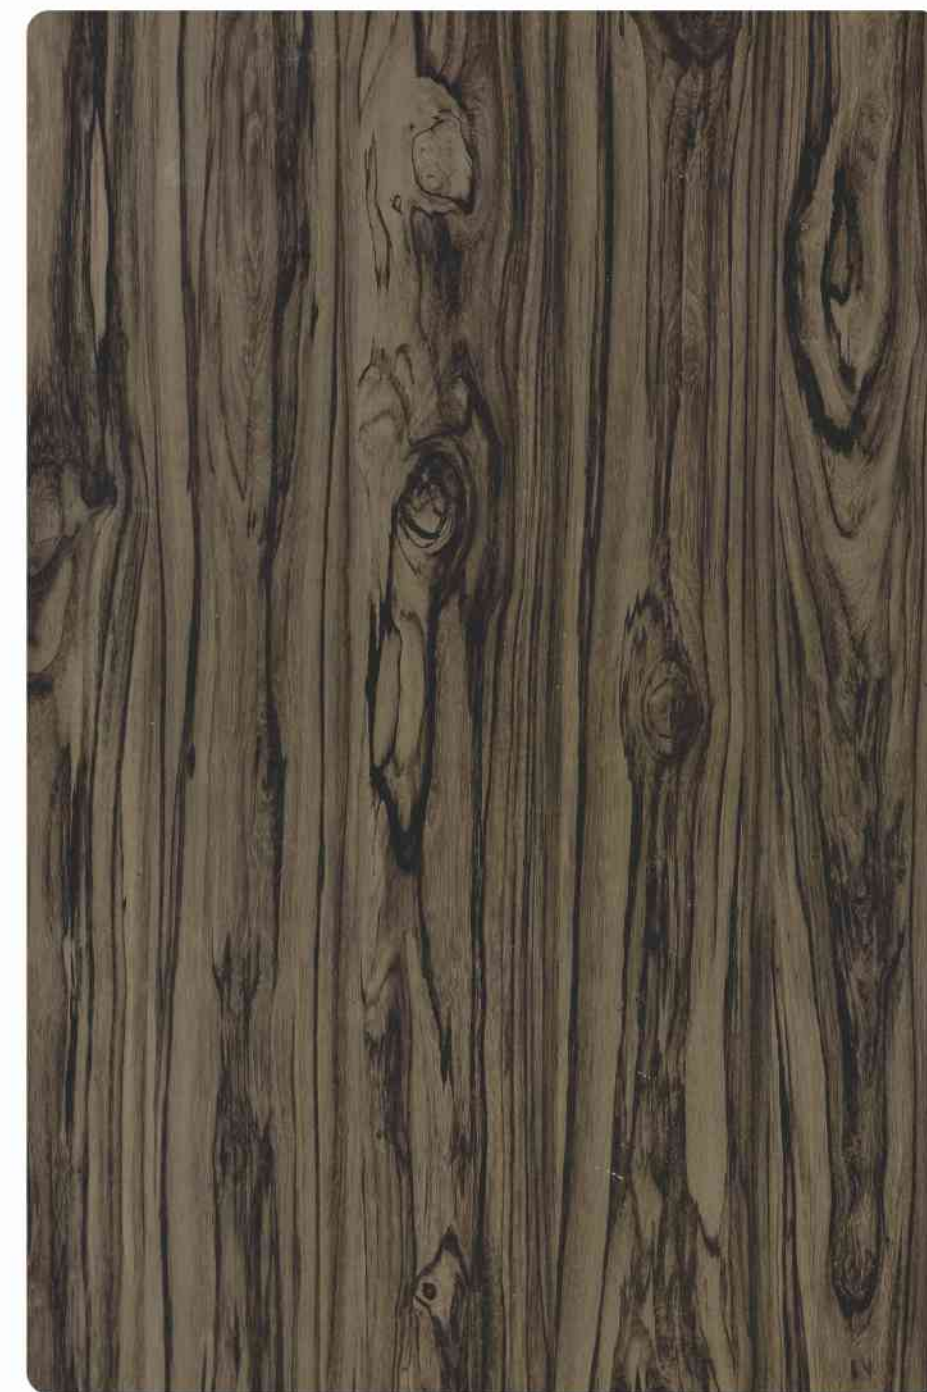

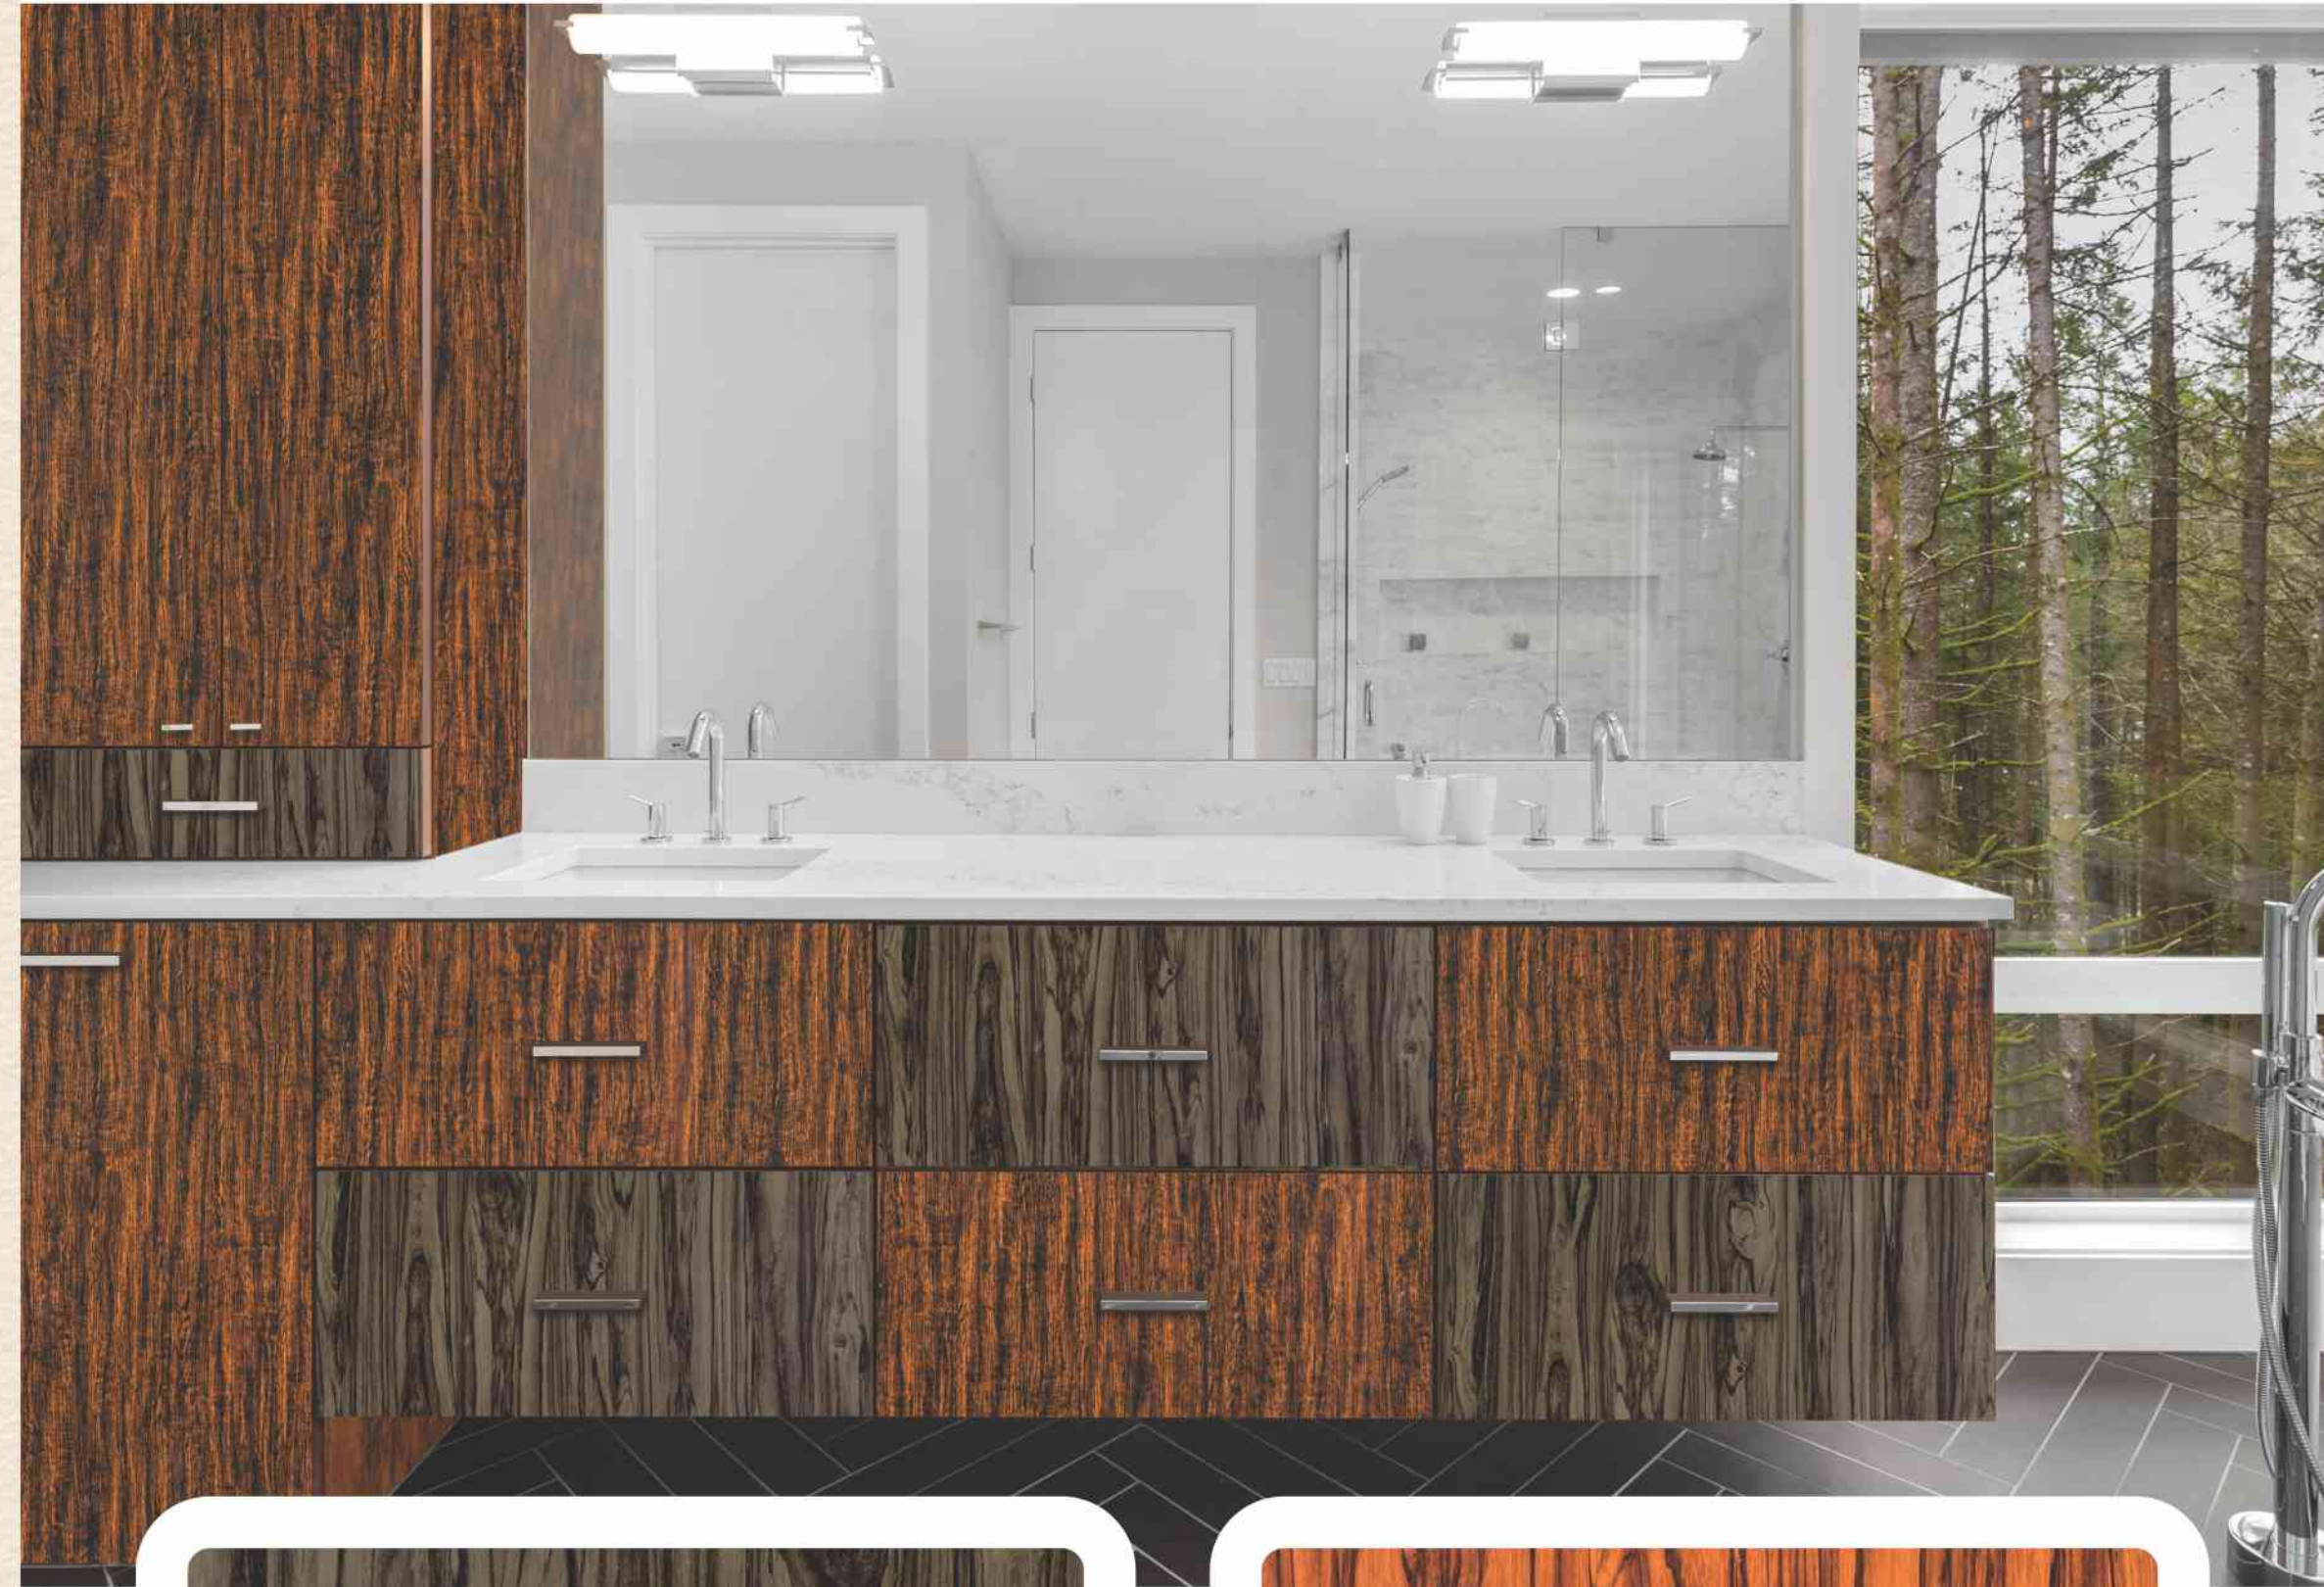

Prelam (Prelaminated) boards are often categorized into the two types listed below.

- **OSL:** One sided lamination. In this case only one side of the WPC (the top surface or show surface) is laminated, while the other side is kept plain.
- **BSL:** Both sided lamination. In the case of BSL, both the top and bottom surfaces of the particle boards are pre-laminated at the time of manufacturing. This also makes BSL is costlier than OSL.

PRODUCT RANGE

WOOD POLYMER COMPOSITE SHEETS

It is an intelligent solution which has emerged as a substitute of wood and plywood products, fulfilling the demands that are not in the scope of wood. WPC is a modern and ecological composite material which is made of 60% PVC, 30% rice & wheat husk and 10% calcium carbonate and additives. It is the best substitute of Plywood because of its strength and durability. The major advantage of WPC lies in the fact that it retains the best properties of wood while eliminating all the downsides which one may face with woods.

Thickness : 4mm, 6mm, 8mm, 12mm, 16mm, 18mm, 25mm, 30mm, 35mm & 40mm.

WPC DOOR AND WINDOW FRAMES

Alstone WPC Door & Window Frames which are popularly known as Chaukhat are revolutionary product manufactured with wood polymer composite products. It is 100% waterproof, 100% termite Proof, 100% Fire retardant, distortion resistant, and have great adaptability to the outdoor conditions. Alstone WPC Door & Window Frames are suitable for bathroom, kitchen, bedroom, offices, villas, hospitals, schools.

NA DEEMAK KA DARRNA SILAN KI FIKAR
ALSTONE CHAUKHAT CHALE JEEVAN BHAR"

Dimensions : 100x50, 125x50, 150x50, 100x60, 100x70, 125x60, 125x70, 150x60, 150x70, 70x40mm.

WPC SOLID AND DECORATIVE DOORS

Its time to move in your residential and commercial spaces through the trendiest Doors – THE WOOD POLYMER COMPOSITE DOORS (WPC DOORS) from ALSTONE. Alstone Doors are made by Extrusion manufacturing process, which offers uniform thickness without undulation, warping or bending and a smooth surface for laminations. It offers dimensional accuracy and stability in varying humidity and has a high screw holding capacity, high shock and buckling resistance. These doors are acid proof and have good sound insulation for more privacy. They are EXTREMELY DURABLE, HEAVY DUTY DOORS with high density that act as excellent insulators against dust, heat and noise.

Thickness : 25mm, 30mm, 35mm, 40mm, 50mm in all Door Size

SPC FLOORING

INDIA'S 1ST UNLINED SPC FLOORINGS- ALSTONE FLOORXTRA. Alstone SPC Flooring is the new generation of floor covering. Alstone SPC Flooring features extreme stability, high performance, completely waterproof, high density core, indentation resistance & most importantly, it is recyclable.

Thickness : 5mm & 8mm in 6" width & 48" length plank sizes

WPC ART JAALI

From giving a beautiful look to exterior areas like shafts and duct coverings, to taking wind loads in high-rise buildings, Alstone jaalis made from WPC are becoming the architect's choice of material. By giving them a creative bend, the WPC boards or sheets can be also crafted into attractive coverings for shafts and ducts, create eye-catching back splashes, doors, cabinet inserts, partitions screens, feature walls in dining and living rooms, artistic bed headboards, TV and media backdrops, entrance design features etc.

Thickness : 6mm, 12mm, 18mm, 25mm, 30mm & 35mm.

SILICONE SEALANTS

FOR ALL YOUR NEEDS OF SILICONE SEALANTS & SILICONE FLUIDS-ALSTONE HAI NA. Alstone has made a mark for itself in Indian subcontinent for being the Largest and only Indian manufacturer of silicone sealants and silicone fluids. When people were wary of even thinking to produce silicone sealants in India, there was one company that was slowly and relentlessly focusing and gathering skills to make this dream true. Now under the able guidance of its industry leaders and expert consultants with determined team, Alstone has made its presence felt. Alstone offers sealants for various applications like general purpose, weather proof, non bleed, neutral sealant, structural glazing, stixall and mirror fix.

ADHESIVE

A2A STIXALL (लगाइए, चिपकाइए, भूल जाइए।)

APPLICATIONS

- Bonding of Mirror.
- Bonding of stone, concrete, poly carbonate, fiber glass etc.
- Bonding of bathroom fittings, kitchen fittings etc.

Packing - 280 ml x 24 Bottles Per Box.

MIRROR FIX 100(MF-100)

Mirror Fix 100 (MF-100) is a high performance neutral cure silicone adhesive which is particularly designed for bonding the mirror in all kinds and sizes without harming back coating of the mirror. A bonded mirror is safer because there is no risk of large pcs of glass falling in the event breakage.

APPLICATIONS

- Bonding of Mirror
- Bonding of Lacquer Glass.

Color - White **Packing -** 280 ml x 24 Bottle Per Box
