POINS[®]

An Exclusive Furniture Fittings

A Whole New Range of
Dependable Architectural
Hardware

Crafting Marvels In Handles With Self Skills

AN ISO 9001:2015 CERTIFIED COMPANY[®]

POINS

An Exclusive Furniture Fittings

Conceived to add an unmatched charm and smooth functionality to the decor...

The world of architectural hardware revolves around just two words- perfection and attraction. It takes the both to with hearts with hardware.

We, at Pains, ensure the finest engineering perfection in all our creations and then give them simply unmatched allure. The smart combination of the two, results into architectural hardware that are not only pleasant to eyes, but also capable to perform for years to come.

Poins, is a brand established and cultivated by Om Sai Manufacture, a renowned company in the hardware market across the nation.

We take pride in our flawless offerings in the hardware accessories segment, and our commitment to always design and deliver the best has made the brand a big success in short span of time.

We have thoughtfully developed our own manufacturing facility, where the entire process of manufacturing masterpieces is taken care of with strict quality controls.

A wide range of quality hardware by 'Pains' includes Cabinet Handles, Main Door Handles, knobs and Drawer Pulls. 'Pains' offers exclusive collections of designs, in diverse material, sizes and finishes.

Just like our products, our relations with our distributors, decision-makers and the end-users also speak a lot about our commitment.

All these has made 'Pains' a brand with difference in the market.

AN ISO 9001:2015 CERTIFIED COMPANY

Quality Assurance with All in-house process and delivery

For us, our products are the best way of conveying our quality pledge. We firmly believe that ultimately it is the quality of product that can create sound impression for the brand.

Every product that leaves our premises under the brand name of 'Poins' is developed entirely through in-house processes.

We have our own R&D setup as well as design and manufacturing facility, ensuring full control over our quality.

We have a dedicated pool of skillful craftsmen, who give shape to vivid imaginations.

Right from the stage of raw material procuring to manufacturing progression and dispatch, we have specific checks to ensure the desired quality of the end product. Since we undertake every stage in our own facilities; it is much easier for us to implement stringent quality checks.

Vision

Reaching the pinnacle in the gamut of hardware manufacturing and winning hearts with finest products and ethical dealings

Mission

We strive to realise our vision by

- Enhancing creativity and innovation
- Nurturing a competent work environment
- Designing and delivering finest products
- Establishing relations, firmly based on quality and ethics
