JUNIPER

The image features a repeating pattern of light-colored wood planks, likely Juniper, arranged in a staggered, brick-like fashion. The planks are oriented vertically, with each row offset from the one above and below. The wood grain is clearly visible, showing natural variations in color and texture. The pattern is consistent across the top and bottom sections of the image, which are separated by a central white band containing the text 'JUNIPER'. The overall aesthetic is clean and modern, suitable for a design or product catalog.
